

Checkmate Fire Solutions Limited (Checkmate Fire) are a specialist contractor providing survey, remedial and installation passive fire protection services to a wide range of clients on a national basis.

In support of our core values and strategic direction and to demonstrate our commitment to the environment, and the prevention of pollution, we operate a Management System in accordance with the requirements of BS EN ISO 14001:2015, the requirements of our clients and in accordance with our compliance obligations.

Checkmate will regularly review and measure our environmental performance against our objectives and targets and take appropriate action to address any non-conformances. Our commitment to environmental protection is demonstrated by the ongoing development and improvement of our environmental management system and performance.

Our environmental policy is based on the following principles:

- Compliance: We will comply with all relevant environmental legislation, regulations, and other requirements.
- Prevention of Pollution: We will prevent pollution by minimizing our use of natural resources, reducing waste, and preventing environmental incidents.
- Continual Improvement: We will continually improve our environmental performance by setting objectives and targets, measuring our progress, and taking corrective action where necessary.
- Communication: We will communicate our environmental policy to all employees, contractors, and stakeholders, and encourage their participation in our environmental management efforts.
- Responsibility: We will ensure that all employees and contractors understand their environmental responsibilities and are trained to carry out their duties in an environmentally responsible manner.

Checkmate will strive to minimize our impact on the environment by:

- Minimizing waste generation and promoting recycling and reuse of materials.
- Conserving natural resources, including energy and water.
- Ensuring that our construction activities do not cause environmental harm to the surrounding areas.
- Encouraging our suppliers and contractors to adopt environmentally responsible practices.

It is part of the company's training programme to ensure that this policy statement is briefed, understood and implemented at all levels within the company.

This policy is reviewed annually as part of the management review process, to ensure its continued relevance and adequacy.

This policy will be available to interested parties via the Checkmate Fire Solutions Limited's website.
